A detailed botanical illustration of a cactus, likely a cholla or similar species, is positioned on the left side of the page. The cactus has several upright, segmented stems covered in small, rounded tubercles. At the base and along the lower segments, there are clusters of small, vibrant purple flowers. The illustration is rendered with fine lines and shading to show texture and depth.

Pencils	1 each – 2H, B
Sharpener	
Pen	Black ink, waterproof, permanent, fine
Pen	Ink, water soluble, dark color
Kneaded eraser
